**Living  
a Dream!**

**God, why am I in Romania? That was my question five years ago.**

**God answered... "Rick, the Romanian church has had revival, BUT HAS NOT SENT OUT MISSIONARIES. It is a giant in potential, but it is asleep!**

**I am sending you there to help wake it up!!!"**

**This was my dream:**

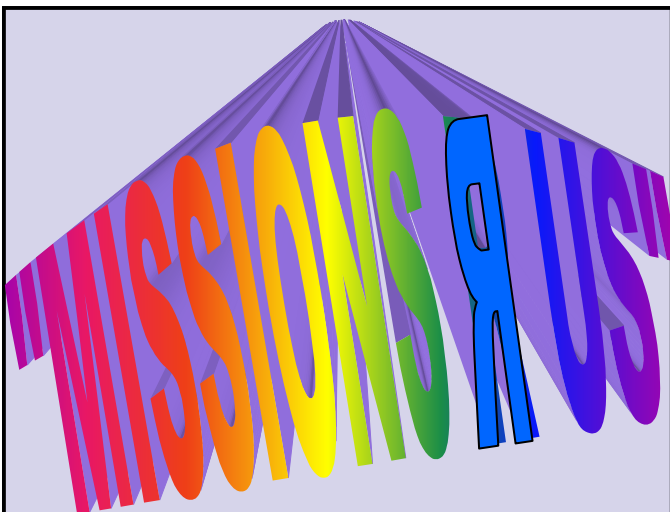

- **To see a school to prepare Romanians as missionaries take hold and become strong!**
- **To see a missions agency birthed and sending out missionaries that would be fully supported by Romanian pentecostal churches!**

**Yet, when we arrived back in Romania five years ago, the school we had worked to start had closed its doors... and the vision to keep it going was**

**nearly gone! I knew this school was a key to seeing a turn-around in vision for missions. WE BEGAN TO PRAY!**

**At the same time, some Romanian visionary pastors asked me to join with them to birth APME, an agency specifically birthed to send Romanian missionaries to the ends of the earth!**

**Then God began to intervene!  
You must see inside to hear of the miracles God has done!**

**A school exploding in growth!  
Churches becoming missionary  
in vision!**

**THANKS SO MUCH FOR HELPING US  
WITH PRAYERS AND SUPPORT SEE  
THIS DREAM COME TO A REALITY!**

# Me and my "kids"

We have three wonderful sons, all serving the Lord... Riche in missions in India, Bobby in Kansas as an assistant pastor, Jonathan still preparing for his future.

Yet here I would like to brag on my Romanian "Kids"... young people God has brought my way that I have had the joy of mentoring, preparing, seeing take the first steps into missions ministry, and now are heading in all directions to serve God with their entire lives!

Our school nearly closed, but by a miracle, we kept it open. That year we opened with just seven students. Our building started with room for just 23 students... and by the second year, WE WERE FULL TO CAPACITY! God began to move. Excitement began to grow.

Last year, we knew we needed more room for students, but had no monies for remodeling.

Our building had the potential to add a second floor, but had not been finished. We needed \$60,000 to prepare it in the summer for the next school year. GOD PROVIDED THE NEEDED FUNDS! This year we have just finished with 32 students, and two professors all living in the building!

Twelve new missionary candidates were in the graduation line! God is calling and preparing a new generation of ROMANIAN workers!

As you look at the photo below, recognize that you are seeing youth who are on their way to Macedonia, to Turkey, to Kazakstan, to Afghanistan, to islamic cultures, to the ends of the earth!

**Missions R US!** What a privilege to be able to mentor some who will become incredible servants of God into some of the most difficult places imaginable! PRAISE GOD!

**God is calling tens of Romanian youth to mission fields!**

**We are preparing the workers of tomorrow!**

**As Paul prepared Timothy, his spiritual "son"... these are my "kids"!**

New candidates

LARGEST MISSIONS  
CONFERENCE EVER!**

**Ghita Ritisan, president  
of APME—All the Gospel  
for all peoples  
in our generation!**

**Missions **R**US!**

Seeing Romania's youth called/ prepared/ financed and on their way to the ends of the world... that has been the dream and cry of my heart for Romania for the last 5 years! And churches are responding here!

I am mentoring young missions candidates, teaching them how to raise faith promise commitments from churches by going with them for a service. This next week, two of my graduates will come for their interview to be officially accepted as candidates with APME, then Sunday we will visit two churches to introduce them and encourage local pastors/leaders to ADOPT them as part of their church family's outreach to the world!

What an exciting day! A dream is becoming a reality. Our school is filled to capacity with youth called to missions. Our agency has grown in five years to be able to send out

**28 full-time missionaries, FULLY SUPPORTED by Romanian churches! And this all in just 5 years!**

We are seeing a vision for missions become CONTAGIOUS! The Holy Spirit is transforming Romania into a powerhouse of missions for the future, and we thank God continually for His grace in letting us be a part of such a vital awakening!

*For God so loved He gave His only Son... and now Romania is loving so much that it is investing its sons and daughters in the call to go into all the world with the Gospel!*

***Beginning in November 2011 for a year we will be in the States to visit churches. If you would like us to share with you in your church please contact us: rickjanc@aol.com Or call 785-472-9425***

**Our vision for the next five years...**

***100 missionaries sent by Romania.***

**Serving the Lord  
with your help  
in Romania!**

*Rick and Jan Cunningham*
