

God is on the Move! From providing labor at churches to discipleship on college campuses, serving the incarcerated, sympathetic to those in hospitals, assisting those who protect and care for us in the first responder's communities, showing kindness to people who are new to the USA, or in US specialized, planting new churches in rural flyover places and rescuing those trapped in human trafficking. God is using AGK to move the needle forward. Every month I receive emails with stories and reports of what God is doing within the hearts and ministries of AGK USM. These Missionaries, Missionary Associates, and AGK-affiliated missionaries are some of the champions of the faith, who walk with anointing, grace, and perseverance.

The task would be overwhelming if not for the continual strength promised by the Holy Spirit and the call to ministry. While we all enjoy a quick success story, what we are seeing is missionaries who are willing to invest in their field of calling. I encourage you in conversation to ask our Missionaries about their call to missions. Whether it was a surrendered moment where their response was YES regardless of the question from the Lord, or for some, it was a call to missions as a student at camp. We are grateful to those who have answered the call. There are still many open doors in communities within the diversity of USM 7 windows. Adult and Teen Challenge, U.S.A., Chaplaincy Ministries, Chi Alpha Campus Ministries, U.S.A., Church Mobilization, Intercultural Ministries, U.S. Specialized, and Youth Alive.

Can I encourage those who are leaders within our network? With the open doors before us, the heart of our AGK Superintendent is for the Lord of the Harvest to call people into the fields that are ready for harvesting.

An indicator for me is how often I talk about a call to ministry with the people I am called to serve. I am asking if we, as pastors and leaders, would create conversation and the opportunity, God's Spirit will find hearts that will say YES. We are not required nor able to call anyone; we are to provide the option to set the table and allow the King to speak to hearts. Pastors, parents, and leaders, I beg you to talk about the call of God. Invite a missionary to tell their story. As we change the map within the AGK, I pray that we will begin to see people answering the call to ministry today in KSOM, local church leadership, and serving Jesus passionately in the marketplace.

Pastor and leader, we are invited to participate in the most significant initiative known to man, reaching the lost. AGK US Missions is about reaching the lost within the USA. We desire the next generation of our church family to catch the passion for missions. This isn't done with one conversation or one moment at church but with the continual connection of missionaries. The Assemblies of God has been a missions-minded fellowship. AGK has modeled that with passion. Within the mission field of Kansas, we have faithful ministers who have answered the call to surrender. I believe 2023 and

beyond present us with the most significant opportunity yet for the gospel to be communicated within the boundaries of the United States of America. Remember, this is a task that we cannot accomplish alone. While making strange, we are convinced that our best days are in front of us, and we're praying for the next wave of missionaries who would answer the call and realize that God will equip them as they say YES.

Romans 10:14 NLT

“But how can they call on Him to save them unless they believe in Him? And how can they believe in Him if they have never heard about Him? And how can they hear about Him unless someone tells them?”

AGK, thank you for your faithfulness in 2022. As a Network, we saw a \$55,702.91 increase from 2021 in US Mission’s giving. Remember, a church or network that is generous will be generously blessed.
